WEBINAR

ON

MANAGE EXAM STRESS - THE HEARTFULNESS WAY

Resource Person: Ms. Rakhee Arora - Certified Heartfulness Trainer.

Date: 23rd April 2021, Friday

Time: 11.00 am to 12:15 pm

SIES College of Commerce and Economics in association with Wonder Wisdom Heartfulness Education Trust conducted an interactive session on “Manage Exam Stress – The Heartfulness Way”. The session was hosted by Ms Falguni Mathews, department of Financial markets in the presence of Ms Mamta Pandey, Department of IT and Ms Namrata Walvekar, Heartfulness meditation trainer. The guest speaker for the event was Ms Rakhee Arora, Coordinator at Heartfulness education. The Heartfulness Trust is a non-profit organisation offering a set of practices that provide holistic beliefs. The webinar was conducted to address and educate students on ways with which they can deal and relieve stress to excel in their day to day activities.

The session started with the speaker talking about the huge differences in life expectations and reality. About how we usually expect our journey to be a straight road forward but in reality are faced with a ton of ups and downs. The expectation is about if and reality is what is of a situation. And to achieve success key is maintaining silence in the mind and connecting with your heart. Relaxation, Rejuvenation, Connect with-in and Meditation are Heartfulness core tools for daily practices. So what exactly is stress? Stress is the body’s natural response to external and internal circumstances. Stress is not always bad, until a limit is crossed stress can also result in positive outcomes paired with perseverance – this is called Eustress. The stress that causes negative effects like fear and depression is called Distress.

A research report from the Andhra Pradesh Government showed considerable reduction in stress and anxiety levels, improved concentration and memory and a more balanced state of mind after conducting Heartfulness workshops among intermediate college students. Another research conducted by Dr Richard Davidson, University of Wisconsin Madison showed the impact of mental health on our brain. Stressed people develop brain circuitries in the right prefrontal cortex and on the contrary happy people and meditators develop left prefrontal cortex brain circuitries.

Later we dived into the practical part of meditation practising nostril breathing, relaxation and meditation. While we may not have full control over the external environment, we can slowly gain mastery over the internal environment, by accepting and regulating the mind. The students asked their various queries on stress management. Also, they shared their issues with regards to concentration and focus and got their questions answered. This session thus provided an opportunity to share and practice how to prevent, manage and relieve stress, especially during an examination.

They were motivated to face the challenges in life without being tensed. It was a successful attempt to answer questions that surround the mental wellbeing of individuals and ways and methods to overcome the difficulties which have arisen due to the fear of exams. The session came to an end and helped students in building self-awareness and positivity among themselves and deal with exam stress like winners.

- Soft skills are non-technical skills that relate to how you work. They include how you interact with colleagues, how you solve problems, and how you manage your work.
- Every person should have such skills to excel in their career and life. The main motive of this project was to develop the soft skills of the participants and also to make them understand the concept and importance of personality development in each and everyone's life.
- This project was initiated to help improve the first impression that we have on a person, our body language and group discussion skills.
- The Professional Development Director of Rotaract Club of Ghanshyamdass Saraf College contacted us to collaborate for this wonderful event. After discussing the confirmation was given to them.
- After which a WhatsApp group was created for the collaborating club directors, where the further details of the project was provided. Also the PR Message and Graphics were created and sent in the WhatsApp group and were forwarded to our Club's WhatsApp Group and on other Social Media Platforms.
- The Speaker for the event was, Dr. Rupinder Kaur, who is the Founder of RK Image and Softskills Coach. She is also an accredited trainer in softskills, image consulting and self assessment. Dr. Rupinder Kaur has an experience of 15 years in Education Industry and is also an Entrepreneur.
- A WhatsApp group was created where all the participants were added and reminders for the event were sent on a daily basis and also other necessary guidelines were provided.
- Zoom meeting ID was sent in the group 15 minutes prior to the event and the event started at 4:00pm.
- Rtr. Prachi Tiwari welcomed all the participants and invited Rtr. Nehal Jain to introduce the speaker of the session; Dr. Rupinder Kaur. After having basic conversation with the participants, the speaker started the session.
- She covered in-depth points for increase and improvement of "Personality Development" and "Interview skills".
- Later, speaker discussed about how we can improve group discussion skills, improve our body language for various purpose such as interview, presentations, performances etc.
- Speaker also shared some knowledge about the how to excel in debates and war of words. Following which she cleared the difference between group discussion and debates.

PROJECT

- A video was shared by the Dr. Kaur about how to make strong resume and what all documents an interviewee must have during the interview. A list of do's and don'ts during the interview was also shared by the speaker for the participants to get the best out of it.
- A question and answer round was kept where Dr. Rupinder Kaur cleared all the doubts of the participants.
- At the end Rtr. Nehal Jain gave the vote of thanks to our speaker Dr. Rupinder Kaur, collaborating clubs and to the participants.

Link for the video of the project:

- In the world where things like assaults and kidnapping takes place on a regular basis it is necessary for one to protect themselves from any harm that comes in their way.
 - Today when people think about self-Defense, they tend to think about women and children. However, self-Defense is necessary for everyone.
 - In order to teach the youth of today and to take a step towards creating a safer society and a safer country, this event was organized.
 - This event will largely impact on girls as there is an increasing rate of crime in the country, where there is a news daily about what a girl has to go through. This event is basically to give them basic ideas how to defend themselves and give the courage to strike back against any harm.
 - Learning Self-Defense will boost self-confidence, helps improve your physical condition, it also improves your street awareness and also helps you to build a warrior spirit.
-
- After the idea of the event was finalized, the team did research about the people who would be able to conduct the event on Self Defense.
 - We approached Capt. Pravin Haria, who is an Ex NCC Cadet pass C Certificate in 1984. He was instructor NCC in K.J Somaiya College and SNDT Women's University NCC for 30 years, to come and share his knowledge.
 - After getting the confirmation from our Guest Speaker, other Rotaract clubs were contacted for collaboration, through which maximum amount of people can be made aware about the ways to defend themselves.
 - Followed which the PR Message and Graphics were created by our Club and sent across various WhatsApp groups and also to the collaborating Clubs. The PR Message included a link for Google Form which had to be filled in order to register for the event.
 - 2 WhatsApp groups were made, one was made for the Directors of the Collaborating clubs and the other was for the Participants. In each of the group, information was provided regarding the event and also reminders were sent.
-
- Self-defense is the training and techniques necessary to defend yourself when targeted by crime or violence. There will always be thieves who want to take what isn't theirs, and predators who want to

- hurt or humiliate others. When you train in self-defense, you gain the tools to stay safe from danger.
- The Event **“Defend.Strike.Survive”** was organized by our **Community Service Avenue** of Rotaract Club of SIES-SE for teaching the basics of Self Defense to the youth of today.
 - The link for Zoom was sent across prior to the event. The session began at 6:15PM.
 - Rtr.Akanksha Wadhwa, the Community Service Director of Rotaract Club SIES-SE addressed the speaker, Pravin Haria and the other collaborating clubs and thanked them for being able to join and make this event a success.
 - Capt. Pravin Haria spoke about how Self-Defense is necessary in a world like this and how every human should know the basics to defend themselves, if in any difficulty.
 - He spoke about the different ways that a person can counter attack and survive from any problems. In detail, explanation was provided about how counter attacks can be done on the different parts of the body of the culprit.
 - Capt. Pravin Haria also spoke about the need of the hour that more awareness should be spread regarding this topic so that every person in this country will be able to defend herself/himself and motivated us to take initiative for the same.
 - After the insightful presentation, Pravin Haria cleared all the doubts and queries put forth by the participants during the session and also thanked the team for the brilliant effort put forth by them.
 - A Vote of thanks was proposed by Rtr. Akanksha Wadhwa and the session was then adjourned.

- The feedback that we received was positive. The participants thanked us for thinking and keeping an event on such a thoughtful topic which is not spoken much about in our society.
- The participants even thanked Capt. Pravin Haria for the detailed information provided by him. And also are looking forward to more such insightful events.
- The speaker was impressed by the work done by the team and was delighted to be able to help guide these many people.

- As you all know we are currently going through a crisis situation that we never imagined. Most of us are sitting idle at home may be watching TV and movies. So we decided to conduct this event which taught us some tricks about how math can be solved easily and to help people more interested in something apart from just lazing around.
- Math is one subject that some people dislike due to the long calculations which takes a lot of time and can get frustrating. So, this project also aimed at helping people understand that math is fun and can be solved in very less time too and that too, by using just your mind.
- The rotaract Club of Khalsa was planning to organize this webinar in collaboration with the Rotaract Club of mumbai wadala east. We got in touch and decided to collaborate with them and then applied for permission.
- A WhatsApp group was created where all the participants added themselves.
- After getting permission we made our PR message and jpeg, with the format of the same, which was provided by the district. PR was done through WhatsApp and Instagram.
- On the day of the event, the zoom link was shared in the WhatsApp group and the event was conducted via zoom.
- The project was carried out on the 13th of august, 2020 on zoom from 5:00 PM to 6:20 pm. It was free of cost.
- It was hosted by Rotaract club of guru nanak khalsa college in collaboration with Rotaract club of SIES sion east and Rotaract club of mumbai wadala east. The event was conducted by Rtr. Akshita shah. She is pursuing Actuarial science as a professional course from the time she was 8 years old. She has been training in mental maths and has been selected thrice for state level UCMAS competition and twice for National level UCMAS competition in which she won 5 trophies, 10 medals, 11 certificates and Represented INDIA.
- During the course of the event, she taught us various tricks to crack arithmetic with the help of mental math. She gave us numbers and explained how multiplications and additions of various numbers consisting of various digits can be solved very easily.
- She told us about 'Abacus' which is the base for many mental math calculations. It was a very

interesting project and all the participants listened very intently. They were very enthusiastically solving all the various problems with mental math.

- Mental Math promotes faster calculations, allowing the brain to quickly re-memorize Math facts to calculate the given problem.
- This project gave the participants a very easy and simple way of solving math problems within a limited time, using their mind!

- Martial Arts is a sport that almost everyone is interested and wanting to learn it has come across at least once in their lives.
- MMA was chosen as it is followed by people more than any other martial art form in the world, which gave us the idea of conducting an MMA and street combat fighting session online .
- MMA also can be used as a self defence and thus, would help people if they get stuck in any unwanted situation. People also got a chance to learn something new in this lockdown.
- Firstly, we contacted Mr. Pratik Patil, a mixed martial artist, who was the trainer for the session.
- JPEGs and PR messages were spread out and people were invited for the session as it is quite essential for everyone in their lives.
- A WhatsApp group was created and the participants were added where all the details of the session were explained.
- A zoom meeting was created and the link for the same was sent on the WhatsApp group.
- Mixed Martial Arts will teach you many things and self defense is a major component of its training. It will teach you first hand experience of real-life fighting scenarios and will also teach you to be confident .
- The session was conducted through a zoom call. It started with the introduction of the trainer Mr. Pratik Patil, after which the warm up session started.
- The trainer then began to teach us basic moves of MMA like stance , punches and kicks. He explained how the various moves are used to defend oneself or to fight. He gave a brief description of the sport and explained the various benefits of it. The session ended with stretching exercises to cool down our bodies.
- The participants were very keenly following the training that was being provided to them.
- The session was conducted by a certified MMA instructor - Pratik Patil, who is a silver medalist at Shito Ryu Asia Cup Asian Championship 2016. He has also received sponsorship from a limited international brand Envisage Sport MMA from the United Kingdom. He has also received a lot of laurels at the state level. Everything in our project was performed under his training and supervision.
- Mixed martial arts (MMA) which is sometimes referred to as cage-fighting, is a full-contact combat sport

PROJECT

PROJ001011

based on striking, grappling and ground fighting, made up from various combat sports and martial arts from around the world.

- Knowing you have the skill-set and tools to defend yourself against another human being is very empowering as it teaches you different forms of fighting techniques. It also helps you stay calm in stressful situations. It will help you grow as an individual, will help you to get disciplined, to be in shape and maintain a healthy lifestyle.
- The event was fun and interactive, the participants had a lot of fun and also it was a form of exercise for the participants.
- The participants learnt a lot of techniques of self defense and were very glad to have attended the session as many of their doubts regarding the same were also cleared.

Link for the pictures and videos of the session:

- The participants had a lot of fun and they messaged us saying that they would also like to learn MMA later on.
- They had an amazing experience and the session was quite interactive and fun.
- The participants were very glad to have learnt few techniques of a new sport.

- The main aim of the project was to spread awareness about investment as we see many people turn towards investment and trading in mutual funds during this lock-down.
 - In this world of a hell lot of competition for earning money, one needs to learn investing in share markets and mutual funds.
 - We also aim to guide the audience to invest in a right way, as one can earn profit as well as loss in share markets, mutual funds, etc.
-
- Rotaract Club of Deonar was planning to conduct the webinar so we got in touch with them and found out that they are already collaborating with Rotaract Club of Bombay Powai.
 - Thus, all the three clubs decided to do collaborate and make the event a success.
 - We shared across PR messages and JPEGs through various social media to create awareness for the event.
 - A whatsapp group was made where all the details of the project were sent and a Zoom room was created on the day of the project, the link of which was sent on the whatsapp group.
-
- This project was conducted by the Professional Development avenue in collaboration with Rotaract Club of Deonar and Rotaract Club of Bombay Powai through Zoom on 24th August, 2020.
 - The event was hosted by Mrs. Hansi Mehrotra, a Chartered Financial Analyst (CFA), who has more than 20 years of experience in financial services, mostly in investment research and consultation in wealth management.
 - This webinar was free of cost and open for all the people who were interested into this topic. Many people just want to invest, but don't have a correct idea of when to invest and also what's the right age. Hence, we wanted to educate people deeply into trading and investing in mutual funds. People were educated about a different ways of investments and how mutual funds work. They were also educated on how to analyse the economy and the market. Participants learnt a lot which will help them in the long run of life.

- As everyone is at home and cannot go to the gym or for a walk and cannot really concentrate on their fitness, we initiated this event to express that people can be fit from home too and that too digitally.
 - This project was initiated to make people aware of the importance of physical fitness even in this lockdown.
 - We also wanted to strike out the misconceptions and doubts regarding Zumba.
 - Physical fitness does not mean necessarily hitting the gym, but it can also be maintained from the comfort of our homes, especially in this time of a pandemic.
 - We also wanted the people to know more about Zumba and about its benefits.
-
- Firstly we contacted a Certified Zumba Instructor Ms. Aathira Praadeep and after confirmation from her we confirmed a date for the event.
 - We made a Google form for people to register for the event. The PR team was very helpful in spreading the word and special thanks to them for creating PR messages and sending it out to reach a great number of people.
 - All the people who had registered were added on to the WhatsApp group where the link for the workshop was to be sent.
 - A Zoom room was created and the link of the same was sent to registered participants through the Whatsapp group.
 - It was a large impact for everyone who attended the event to know more about Zumba and the importance of it and as it was open to all age groups and was online people could do it freely without being conscious of others seeing them
-
- It was a large impact for everyone who attended the event to know more about Zumba and the importance of it.
 - It was open to all age groups and was online so people could do it freely without being conscious of others seeing at them.
 - There was a session for an hour and a half where all the participants followed the lead of our instructor and did Zumba. They danced and had an amazing fitness and workout session.

PROJECT

PROJ000219

- This project also was a fun session to strike out boredom and just dance. Some also loved it and started practicing it.
- The instructor Ms. Aathira Pradeep who is a certified Zumba Instructor gave all the details about Zumba beautifully.
- The instructor also explained to the participants about the benefits of Zumba and also solved the doubts and misconceptions regarding Zumba.
- Many people also have a misconception that Zumba is meant only for girls which is totally wrong.
- Our instructor also gave various tips on physical fitness and obviously Zumba. She also urged the participants to look after physical fitness and give it importance too.
- People really did like the event as it was free and many could participate and also as the Zumba instructor was really motivating everyone to participate.
- People also said that they will be regularly practicing Zumba now and also many of their doubts were solved. Many also were happy to know the benefits of physical fitness and Zumba and also realised how important physical fitness is.

Female Reproductive System

Ovaries are paired female reproductive organs that produce the eggs (ova)

Fallopian tubes
Ovary
Uterus
Vagina

Fallopian tubes are a pair of tubes along which eggs travel from the ovaries to the uterus

The uterus is a pear-shaped muscular organ. It receives a fertilized ovum which is implanted into its inner lining (endometrium)

Vagina is the muscular tube leading from the external genitalia to the uterus

REPORT OF WORKSHOP ON 'ONLINE SAFETY' BY YOLO

16/10/2020

The Internship Cell of the college has a Memorandum of Understanding with YOLO for internship/volunteering opportunities for students. Taking a step further, YOLO conducted a workshop on 'Online Safety' for our students on Thursday, 15 October 2020 from 5 to 6.30 pm on Microsoft Teams.

35 students from various programmes of the college attended the session along with 1 faculty, Mrs. Fleur Fernandes. The session was conducted by Ms. Tanya Tikiya and Siddharth Kapoor from YOLO, both lawyers by profession.

The key takeaways for students from the workshop were :

- a) How to control and manage information that students put online
- b) How to effectively use social media for social change and personal development
- c) How to ensure the safe use of the internet by knowing about the Safety and Privacy Settings available on social media platforms
- d) Ways to deal with hate speech online
- e) Saving oneself from online frauds and transaction frauds
- f) Preparation of video resume

The speakers showed various settings on social media platforms and provided the students with time during the session to make necessary changes in the settings of their own accounts.

REPORT OF WORKSHOP ON 'ALL That Matters in Life'

18/10/2020

The ToolKit conducted a workshop on 'ALL That Matters in Life' for improving the attitude and confidence of the students. Fleur Fernandes, the Chairperson of the Internship Cell coordinated the workshop. The aim of the workshop was to enable students discover themselves and to work upon their weaknesses, thereby making them more employable.

Seven students registered for this paid workshop. The 8 hour workshop trained students on the right attitude, speaking with confidence and learning to manage conflict within and outside.

Sessions were held every Saturday, beginning 26th September 2020 to 17th October 2020.
