## Report

### **Project basic details**

Project Name: Translation Fiesta

Venue: Offline

Date: 30/09/2022

Avenue 1: International Service Avenue

### **Project description**

Aim:

Translation Fiesta was carried out in order to pay tribute to the work of language professionals and to respect, cherish, and value their interpretation services. The event started with a short info of Translation day by the hosts Prena Patankar and Prena Salian continued with the National Anthem and the Club Anthem.

The hosts then explained the rules of the first round which was; the participants had to introduce themselves in their own mother tongue or an accent would be given to them for that first task. The second round was; the participants were shown some sentences and they had to guess from which language those sentences were. The third round was; the participants were shown sentences and voice recordings and they had to guess from which language those were. The fourth round was; the participants were shown some songs to hear and they had to figure out from which language those songs were.

As many people know their own mother tongue; their 2nd language mainly being English, Marathi or Hindi; we wanted to introduce them to many more languages of our own countries, different states and foreign languages. We decided to do that by using some fun sentences and popular songs.

By doing that we triggered participants' excitement and curiosity of some popular phrases and songs that they might have heard in some other languages.

Languages, with their complex implications for identity, communication, social integration, education and development, are of importance for people

and the planet.

There is growing awareness that languages play a vital role in development, in ensuring cultural diversity and intercultural dialogue, and as International Service Avenue we wanted to be a part of it by ensuring to do that by conducting events like Translation Fiesta. The day of 30th September was chosen to pay tribute to language professionals who offer translation and interpretation services. That day was also the feast of St. Jerome, the Bible translator, who is considered the patron saint of translators. So as a tribute and respect for the day we as the International Service Avenue decided to conduct this event where there was an amalgamation of different languages and ethnic groups of people coming along for this project and for the event.
