The Nostrum Committee, an integral part of the BBI Department at SIES College, orchestrated a profoundly impactful Corporate Social Responsibility (CSR) activity at Gurukul Centre for Special Children in Ghatkopar. Spanning from September 26th to 30th, this initiative sought to invest a total of 30 hours in not only fostering understanding and awareness about the unique lives and challenges of special children but also in cultivating essential leadership skills and empathy among the participating college students.

The primary objective was to raise awareness about the multifaceted challenges faced by special children and advocate for inclusivity within the community, instilling a sense of responsibility among the students.

Recognizing the transformative power of leadership, the initiative included components focused on honing essential leadership skills among the students, such as communication, teamwork, and adaptability.

Encouraging active engagement, the activity aimed to inspire students to not only understand social issues but to take positive, proactive steps towards societal betterment, laying the foundation for responsible leadership.

The CSR activity not only met but exceeded its objectives. The heightened awareness, increased inclusivity, and tangible support extended to the children showcased the impact of such initiatives. Importantly, the leadership skills and empathy cultivated among the participating students highlighted the transformative power of social engagement in education.
