Shailashri Uchil

Chairperson – Placement Committee

Report on Placements – 2023-24

The placement committee of the college conducted various placements throughout the year. Companies who were interested in conducting placements with the college contacted the principal and the placement committee members through phone calls and emails. The placement committee forwarded the job descriptions to the students via Google forms so that students get information about the campus placements and the interested students apply for the placements. The Google links were forwarded through WhatsApp groups of students and teachers alike to ensure maximum reach. The details of the students collected through the Google forms were then forwarded to the companies who coordinated with the students to conduct the placements. The companies communicated the results of the placements to the students and the college through emails.

Following companies conducted placements for the students of SIES College of Commerce and Economics year 2023-24
